

SPRING TEEN VOLUNTEER PROGRAM

“ My friends volunteer at St. Elizabeth and said it really **helped them make up their mind about a career.** ”

St. Elizabeth Volunteer Services offers an amazing opportunity for teens to spend 3-4 hours each week providing service to their community while exploring healthcare and the many facets that make up a large organization.

Teens choose a volunteer placement from a multitude of options either within the hospital or at one of our numerous off-site facilities. Volunteer tasks range from patient contact, assisting staff, retail service or being guest liaisons, all impacting the patients' experiences at St. Elizabeth Healthcare.

THE SPRING TEEN VOLUNTEER PROGRAM

- Program runs from February through April; required training in January
- Teens must be 14 years old.
- Minimum commitment of 10 weeks of volunteering; providing 3-4 hours of service per week.

**Online Registration
begins at 3 p.m. on the
third Monday in December.**
