SCHOLARSHIP APPLICATIONS ARE OPEN

Scholarship applications for the 2022-2023 Academic year are open as of December 1st. At Gateway, we offer dozens of scholarships. Some are general scholarships for students in any field while some are dedicated to students in specific majors.

Students only need to fill out one Gateway general online scholarship application so that we can consider the best scholarship match! They will have until **March 1st** to submit their application. Applications received after the priority due dates will be considered if funding is available.

Contact Linda.Wright@kctcs.edu with any questions.

IN-PERSON ADMISSIONS NIGHT AT BOONE

We are excited to start having groups returning to campus for visits. Our last session at our Edgewood Campus was a great opportunity for students and parents to explore not only the campus but the programs offered as well. On December 14 from 6-7pm, we are hosting another session at our Boone Campus! We will be discussing what Gateway has to offer as well as touring campus. If you have students interested in Manufacturing, Engineering, Line Work, HVAC, Construction, etc., this is a great opportunity for them to check out our facilities and see what's possible!

Visit our Campus:

Along with individual student tours, we are giving the option for schools to bring groups on campus with prior approval. If you have a group of students who would like to visit one of our Campuses or Training Center, let me know! I can help get that scheduled for you and make sure your students have the chance to meet with staff and faculty in those program areas.

We are Northern Kentucky's only community and technical college with three campuses across the region. A campus visit is the perfect opportunity to see for yourself why students love Gateway.
